

**A HISTORICAL BIBLIOGRAPHY OF THE BUILT ENVIRONMENT
IN BALTIMORE AND MARYLAND**

Compiled by Richard Longstreth

1997, revised 27 November 2015

This compilation focuses on scholarly work concerning the history of the built environment in Baltimore and other parts of Maryland. Several important general and pictorial histories are included as well. I have not included citations for Montgomery and Prince George's counties, which can be found in Richard Longstreth, comp., "A Historical Bibliography of the Built Environment in the Washington, D.C., Metropolitan Area," on this website. Most writings date from the past three decades.

Thanks go to David Chase, Peter Kurtze, Therese O'Malley, Orlando Ridout V, Walter Schamu, Damie Stillman, and Robert Vogel for adding to this list.

Additions, corrections, and updates are welcome. Please send them to me at rwl@gwu.edu.
