

**A HISTORICAL BIBLIOGRAPHY OF THE BUILT ENVIRONMENT  
IN THE LOS ANGELES METROPOLITAN AREA**

Compiled by Richard Longstreth

1998, revised 16 May 2018

This listing focuses on historical studies, with an emphasis is on scholarly work published during the past thirty years. I have also included a section on popular pictorial histories due to the wealth of information they afford. To keep the scope manageable, the geographic area covered is primarily limited to Los Angeles and Orange counties, except in cases where a community, such as Santa Barbara; a building, such as the Mission Inn; or an architect, such as Irving Gill, are of transcendent importance to the region.

Thanks go to Kenneth Breisch, Dora Crouch, Thomas Hines, Greg Hise, Gail Ostergren, and Martin Schiesl for adding to the list.

Additions, corrections, and updates are welcome. Please send them to me at [rwl@gwu.edu](mailto:rwl@gwu.edu).
