THE AWARDS

Established in 2010, the SAH Awards for Architectural Excellence recognize the outstanding achievements of individuals in architectural practice and academic study.

GALA SUPPORT

The Awards Gala raises fund to support SAH educational programs and publications, including the award-winning Buildings of the United States book series and *SAH Archipedia*, the Society's online encyclopedia of U.S. architecture and landscapes. Proceeds also help support the restoration of the Charnley-Persky House (1891–92), designed by Louis Sullivan and Frank Lloyd Wright, which serves as SAH's international headquarters.

ABOUT SAH

The Society of Architectural Historians is a nonprofit membership organization that promotes the study, interpretation and conservation of architecture, design, landscapes and urbanism worldwide. Founded in 1940, SAH serves a network of local, national and international institutions and individuals who, by profession or interest, focus on the history of the built environment and its role in shaping contemporary life. SAH promotes meaningful public engagement with the history of the built environment through advocacy efforts, print and online publications, and local, national and international programs. SAH is an Illinois 501 (c) 3 not for profit organization.
