2020–2021 Grant Application for Society of Architectural Historians’
American Architecture and Landscape Field Trip Program

The SAH American Architecture and Landscape Field Trip grant program funds architecture and landscape field trips for underserved students in grades 3 through high school. To deliver awe-inspiring field trips, SAH would like to partner with other not-for-profit organizations that offer youth design education programs and docent-led tours of architecture, parks, gardens, neighborhoods and town/city centers. We fund tour programs that enable students to learn about the history of the built environment by walking through and experiencing great architecture, public parks, gardens and urban planning. Established in 2015, the SAH American Architecture and Landscape Field Trip program has made grants to a wide variety of not-for-profits and the typical grant is for $5,000. Preference is given to organizations with operating budgets of $1.0 million or less. Applications are reviewed on a rolling basis and the deadlines for submitting applications are June 1 and December 1. Notification of grant awards will be made within six weeks.

Please email the following material in one PDF document to info@sah.org
Please use subject line: American Architecture and Landscape Field Trip Program

Organizational Info

- Name of the organization that will host field trips
- Contact information for the organization (address, telephone, email)
